International President Susanne speaks at the UN General Assembly

In support of ending child marriage, Zonta International President Susanne von Bassewitz made a statement at a high-level side event on eliminating child marriage in Africa at the United Nations General Assembly.

"We are eager to explore how collaboration can come to life to end child marriage," President Susanne said.

The event, organized by the permanent missions of Canada and Zambia to the United Nations, UNICEF, UNFPA and UN Women, engaged African Heads of State and governments in a dialogue on child, early and forced marriage with the goal of renewing commitments to implement national strategies to end child, early and forced marriage.
