The Impact of Your Support

We hope you will consider a gift to support *Let Us Learn Madagascar: Empowering Girls through Education*. Below are examples¹ of the impact your gift could provide:

**$35** could provide one out-of-school child with two months of catch-up classes to help them make up for lost learning and reintegrate into the formal school system.

**$100** could enable three children to benefit from a comprehensive three-month Life Skills course, which will equip them with the strategies to reduce violence, protect themselves and improve social cohesion.

**$500** could provide 222 children with self-learning materials to support the continuity of learning for children who have been affected by COVID-19 related school closures and other interruptions in their education.

**$5,000** could support one year of a Communication for Development plan to empower women and encourage school attendance.

**$10,000** could provide training for 50 Secondary School Directors to ensure that schools are better prepared to promote children’s rights and the protection of girls.

**$25,000** could support the construction of one new classroom and gender-segregated latrine to improve the learning environment for children in Madagascar and encourage their transition to secondary school.

¹ These figures are exemplary. Your contribution will be compiled as part of the overall funding provided by Zonta International Foundation.
